

CHRISTOPHER LEE

*Greetings and thank you; my name is*

CHRISTOPHER LEE  
A  
WEB DESIGNER & DEVELOPER

*As a proficient web designer and developer I focus on creating rich web sites that leave a lasting impression on their visitors. I create standards based, search optimized, beautiful web pages that invoke a second glance. I have taken my knowledge, experience, expertise and built a web presence for both small and large business alike.*

*I am primarily a web designer and developer, however; in my many past lives I have found myself behind the lens of a camera taking product shots, standing over a printer creating brochures, handouts and flyers. Multifaceted and talented I bring industry experience to every project, big or small.*

## EXPERIENCE

### FREELANCE WORK

WEB & PRINT DESIGN AND DEVELOPMENT

### RADISYS CORPORATION

SR. WEB DEVELOPER & MANAGER (APRIL 2008 - )
